A gama de Painéis Ripados WPC GS nasce de um desafiante projeto fruto da fabricação própria GOSIMAT e dos seus fortes índices de inovação e tecnologia! O seu lançamento foi primorosamente desenvolvido com o intuito de facilitar e otimizar os projetos dos profissionais de decoração, arquitetura e engenharia.

Os Ripados WPC destacam-se pela sua beleza natural, o seu toque, o seu acabamento e a sua forte adaptabilidade em obra! A sua aplicação é exclusiva para o interior e para além de se revelar extremamente fácil, é bastante versátil permitindo um trabalho totalmente dinâmico e perfeito em paredes, divisórias, painéis, tetos e otimizam ambientes únicos e distintos!

Consiga um maior conforto térmico e acústico e divirta-se com a escolha da enorme panóplia de cores e padrões que disponibilizamos, desde o vinil, a folha de madeira e os lacados. Soluções que integram diferentes propósitos e proporcionam um impacto decorativo verdadeiramente marcante, com a assinatura e garantia de qualidade da nossa marca GS CONCEPT!

(EN)

The WPC Slat Wall coverings as trendy range by GS CONCEPT dawned from a challenging project of GOSIMAT's own manufacturing! They were exquisitely developed to simplify and optimize the projects of decorators, architects and interior designers.

The GS CONCEPT Slat Wall coverings stand out for the natural beauty, touch, finish and strong adaptability on site! The extremely easy and versatile installation allows a total dynamic and perfect work on walls, partitions, panels and ceilings, creating unique and distinct environments! Achieve greater thermal and acoustic comfort in your projects and have fun with the range of colors and patterns we offer, from vinyl, wood veneer and lacquered.

Solutions for different projects that provide a truly striking decorative impact, with the signature and quality assurance of our GS CONCEPT brand!

(FR)

La gamme de revêtement mural en lattes GS CONCEPT fabriquée en WPC est née d'un projet ambitieux de la propre fabrication de GOSIMAT et de ses forts indices d'innovation et de technologie! Son lancement a été finement élaboré pour faciliter et optimiser les projets des professionnels de la décoration, de l'architecture et l'ingénierie.

Les Lattes pur mur GS CONCEPT se distinguent par leur beauté naturelle, toucher, finition et leur forte adaptabilité sur chantier! Son application, en plus d'être extrêmement facile, est assez polyvalente en permettant un travail totalement dynamique et parfait sur des murs, des cloisons, des panneaux et des plafonds, en créant ainsi des environnements uniques et distincts! Obtenez un plus grand confort thermique et acoustique dans vos projets et amusez-vous avec la gamme de couleurs et motifs que nous proposons, du vinyle, du placage de bois et du laqué.

Des solutions qui intègrent différents usages et qui offrent un impact décoratif vraiment saisissant, avec la signature et l'assurance de qualité de notre marque GS CONCEPT!

GS 105 XPS SLAT WALL COVERING | REVÊTEMENT MURAL EN LATTES DE XPS GS 105

INTERIOR

Interior | Intérieur

O Ripado de encaixe GS 105 fabricado em Poliestireno (XPS), foi desenvolvido para o revestimento de paredes, criando ambientes únicos e contemporâneos, conferindo-lhes uma maior personalidade e conforto com a garantia de qualidade dos seus materiais!

Os perfis são ecológicos e sustentáveis e 96% da sua composição é proveniente de matéria-prima reciclada. Por sua vez, depois da sua vida útil ter chegado ao fim, os perfis poderão ser reciclados e transformados novamente em matéria-prima a ser utilizada na fabricação de novos produtos.

Este artigo, para além de se transformar num painel ripado, possui algumas características interessantes que o diferencia dos demais produtos da sua categoria, nomeadamente: não mancha, não se deteriora, é imune a pragas e térmitas da madeira, é resistente à água e pode ser aplicado em ambientes húmidos como cozinhas e casas-de-banho. A sua utilização é apenas para aplicação no interior.

(EN)

The Polystyrene (XPS) Slat wall covering GS 105, was developed for wall coverings, creating unique and contemporary environments, granting greater personality and comfort with the quality guarantee of its materials!

The slats are eco-friendly and sustainable, being 96% of their composition from recycled materials. Once their useful life has come to an end, the slats can be recycled again and transformed into raw material to be used to manufacture new products.

Besides being a slatted wall panel, it has some interesting features that differentiates it from other products in the same category, namely it does not stain, or deteriorate, it is immune to wood pests and termites, is water resistant and can be installed in moist environments such as kitchens and bathrooms. For indoor use only.

(FR)

Les revêtement murales GS 105 en polyuréthane (XPS), ont été développés pour le revêtement mural, en créant des environnements uniques et contemporains, leur donnant plus de personnalité et de confort avec la garantie de la qualité de ses matériaux!

Les lattes sont écologiques et soutenables, en étant 96 % de leur composition provenant des matières recyclées, qui à leur tour, après la fin de leur vie utile, peuvent être recyclés et transformés en matière à utiliser pour fabriquer de nouveaux produits.

Ce produit, en plus d'être un revêtement murale à lattes, présente des caractéristiques intéressantes qui le différencie des autres produits de sa catégorie, à savoir : il ne tache pas, ne se détériore pas, résiste aux ravageurs du bois et aux termites et il est résistant à l'eau et peut être installé dans des pièces humides tels que les cuisines et les salles de bains. Son utilisation est réservée aux applications intérieures.

A GS CONCEPT acaba de lançar uma das grandes tendências do momento: o painel acústico ripado! Desenvolvido através de materiais de elevada qualidade, com manga acústica em PET que reforça e otimiza o conforto acústico de qualquer ambiente, graças ao seu isolamento de feltro incorporado e o efeito 3D das ripas em MDF revestidas em folha de madeira que absorvem as ondas sonoras. O design com personalidade, que se destaca pelo seu elevado desempenho técnico e harmonia estética. É ideal para remodelações e otimização de projetos, proporcionando uma decoração requintada e repleta de dinamismo e caráter. A simetria perfeita entre o design inovador e a performance acústica!

(EN)

GS CONCEPT has just launched one of the biggest trends of the moment: the acoustic Slat Wall Panel! Developed using high quality materials, with an acoustic PET backing that reinforces and optimizes the acoustic comfort of any environment, thanks to its felt insulation and the 3D effect of the MDF slats covered in wood veneer that absorb sound waves.

The design with personality that stands out for its high technical performance and aesthetic harmony. Ideal for renovations and project optimization, providing a refined decoration full of dynamism and character. The perfect symmetry between innovative design and sound proofing performance!

(FR)

GS CONCEPT vient de lancer l'une des plus grandes tendances du moment : le panneau acoustique à lattes! Développé avec des matériaux de haute qualité, avec une base acoustique en PET qui renforce et optimise le confort acoustique de tout environnement, grâce à son isolation en feutre incorporée et à l'effet 3D des lattes en MDF recouvertes de placage bois qui absorbent les ondes sonores.

Un design avec de la personnalité, qui se distingue par ses hautes performances techniques et son harmonie esthétique. Il est idéal pour les rénovations et l'optimisation des projets, en offrant une décoration raffinée pleine de dynamisme et de caractère. La symétrie parfaite entre design innovant et performance acoustique !

FRISOS DECORATIVOS EPS

EPS DECORATIVE WALL SLATS | LATTES MURALES DÉCORATIVES EPS

Os frisos decorativos conquistaram um espaço muito peculiar no panorama decorativo atual, onde se destacam aplicações muito criativas em móveis, divisórias e até mesmo em paredes e painéis. Para além da sua alta densidade e resistência, os nossos frisos decorativos apresentam também uma enorme versatilidade, permitindo assim harmonizar e uniformizar diferentes tipos de estilos, desde o vintage ao contemporâneo, com opções de cores como o clássico P&B, tons metalizados e até mesmo as madeiras mais tradicionais. O detalhe perfeito que confere uma maior sofisticação e aconchego aos mais variados projetos! De fácil instalação e uso exclusivo para o interior!

(EN)

The wall decorative slats have conquered a very peculiar space in the current decorative landscape, where very creative applications on furniture, partitions and even in walls and panels stands out. In addition to their high density and resistance, the decorative trims are also extremely versatile, allowing to harmonize and standardize different types of styles, from vintage to contemporary, with color options such as classic B&W, metallic tones and even more traditional woods. The perfect detail that gives a greater sophistication and warmth to the most varied projects! Easy installation and exclusive use for the interior!

(FR)

Les lattes murales décoratives ont conquis un espace très particulier dans le paysage décoratif actuel, où se distinguent des applications très créatives dans les meubles, les cloisons et même les murs et les panneaux. En plus de leur haute densité et de leur résistance, nos frises décoratives sont également extrêmement polyvalentes, en nous permettant d'harmoniser et de standardiser différents types de styles, du vintage au contemporain, avec des options de couleurs telles que le N&B classique, les tons métalliques et les bois encore plus traditionnels. Le détail parfait qui donne plus de sophistication et de chaleur aux projets les plus variés! Installation facile et usage exclusif pour l'intérieur!

MOLDURAS DECORATIVAS EPS

EPS DECORATIVE WALL MOULDINGS | MOULURES MURALES DÉCORATIVES EPS

Também conhecidas por “boiseries”, o conceito das molduras decorativas foi criado em França entre os séculos XVII e XVIII e a sua tendência desde então atravessa épocas, tornando-as intemporais! As nossas molduras decorativas apresentam uma elevada qualidade e densidade e recriam ambientes repletos de classe com as suas aplicações em paredes, painéis decorativos e inclusivamente em portas!

Os modelos que disponibilizamos proporcionam uma enorme compatibilidade com as mais variadas tipologias decorativas, elevando-as a um patamar de extrema dinâmica e requinte!

Dê asas à sua imaginação! De fácil instalação e uso exclusivo para o interior!

(EN)

The concept of decorative mouldings was created in France between the 17th and 18th centuries and its trend goes on through ages, making them timeless! Our decorative mouldings feature high quality and density and recreate classy environments when applied on walls, decorative panels and even on doors!

The models we offer provide enormous compatibility with varied decorative typologies, elevating them to a level of extreme dynamics and sophistication!

Let your imagination roam! Easy installation and exclusive interior use!

(FR)

Aussi appelées des « boiseries », le concept de moulures décoratives a été créé en France entre le XVIIe et le XVIIIe siècle et sa tendance traverse les époques, en les rendant intemporelles! Nos moulures décoratives se caractérisent par une qualité et une densité élevées et recréent des environnements de classe avec leurs applications sur des murs, sur des panneaux décoratifs et même sur des portes! Les modèles que nous proposons offrent une énorme compatibilité avec les typologies décoratives les plus variées, en les élevant à un niveau de dynamique et de raffinement extrême!

Donnez des ailes à votre imagination! Installation facile et usage exclusif pour l'intérieur!
